

# APPI CARREGAL DO SAL SEMINAR

30 jan 2016

'ARE YOU THERE?' ENGAGING LEARNERS

Escola Sec. Carregal do Sal

## **‘Are you there?’ – Engaging Learners**

Welcome to the APPI Carregal do Sal Seminar, welcome to the *Escola Secundária de Carregal do Sal* for a promising professional development meeting of teachers of English.

During this full mid-winter Saturday – January 30 – delegates will be offered six sessions which will provide a range of fresh ideas and tips for engaging learners of English at all levels.

It is commonly acknowledged that motivation is one of the key factors that may determine success in EFL learning, and the motivational strategies teachers implement in their teaching practice are usually believed to enhance learner motivation. *Can all of us, teachers, support this belief?!* Demotivation is not an unknown issue in most classrooms; it has been associated to a number of factors such as learning contents, materials, teaching styles and the lack of intrinsic motivation.

In fact, a range of practical issues pertaining to English teaching and learning will be covered in this seminar by experienced professionals who will aim to inspire and influence delegates’ lesson planning and methodology.

This particular seminar has been made possible thanks to the motivated and kind support of the Executive Board of the *Agrupamento de Escolas de Carregal do Sal* – the *Escola Secundária* being the host venue – and the *Câmara Municipal de Carregal do Sal* who APPI is indebted to. A big thank you to our colleague who is part of the APPI board and local teacher, Celeste Simões, who has liaised with her school board and APPI in order to make this seminar possible.

APPI is also extremely grateful to the team of qualified speakers who have answered APPI’s call for participation for this seminar. Thanks very much to all for the significant help and good will demonstrated.

The APPI Executive Board wishes delegates and speakers a fruitful seminar.

*Alberto Gaspar*

## **‘The lights are on but nobody’s at home - (Re)engaging learners’**

Engaging learners is crucial. Knowingly or otherwise, learners recognise this. Engagement involves thinking, feelings, behaviour. A key difficulty facing teachers is to consistently engage learners, encouraging autonomy and effective learning. I’ll suggest activities and strategies to engage learners based on principles of language learning psychology that all teachers will recognise.

[Talk – Classroom activities | Teacher Training – 2º/3º CEB, Secondary, Teacher of Adults]

11:00 > 11:20 – Coffee Break

11:20 > 12:20

ESTER CABRAL – Agrupamento de Escolas de Mealhada

## **‘Vamos aprender palavras’**

Aprender uma língua é conseguir usá-la numa comunicação efetiva; é compreender e produzir. Quanto mais extenso for o léxico que se conhecer e se utilizar, mais fácil será a comunicação. Contudo, a maior parte dos alunos domina uma pequena percentagem do léxico. Compete ao professor desenvolver estratégias que facilitem o desenvolvimento do vocabulário ativo.

[Talk – Classroom activities | Materials Development – 2º/3º CEB]

12:30 > 13:30

MIGUEL DIAS – Escola Secundária Infanta Dona Maria, Coimbra

## **‘Going Green in The English Class’**

In this workshop I will present a set of activities exploring some of the most relevant films on the issue of Global Warming. The selection aims to give students the broadest perspective of the world’s number one environmental threat and encourage them to actively take up the fight against climate change through meaningful follow up activities.

[Workshop – Classroom activities | Materials Development – Secondary]

13:30 > 14:30 – Lunch

14:30 > 15:30

FÁTIMA CASTRO | FÁTIMA SILVA – Agrupamento de Escolas de Oliveira do Bairro |  
Agrupamento de Escolas Dr. Guilherme Correia de Carvalho

**‘Hey guys, guess what...’**

We are also trying to grab our students’ attention. Well... keeping them engaged in class can be hard sometimes. In this session we will share with you some practical ideas to maintain their curiosity and engage them in fun and meaningful learning. May the force be with us.

[Workshop – Methodology | Classroom activities – Kindergarten, 1º, 2º/3º CEB]

15:40 > 16:40

ANA FILIPA MAIA | JAMES PUGH – Fun Languages Viseu

**‘Killing the elephant in the room: new ideas for teachers’**

This workshop offers a variety of ideas and strategies teachers can use in class so their lessons are more appealing, fun, memorable and effective. We will focus on writing, listening and speaking activities for Basic and Secondary students, some of which can be used as extra practice for the PET exam.
